SPRING '83

BULLETIN MEMPHIS STATE UNIVERSITY

1983 FORD MUSTANG GT

THE BOSS: ONE HOT PIECE OF AMERICAN STEEL.

Mustang GT for 1983.

It begins in a river of red-hot steel.

It's cast and crafted and bolted together to be the Boss. This year, the 5.0 liter High Output engine has a new four-barrel carburetor for even more muscle. 175 horsepower. It's sprung with a performance suspension and packs 247 lb.-ft. of torque @ 2400 rpm* and a four-speed transmission.

It comes complete with a real bad attitude about being anything but the Boss...

Mustang GT for 1983. It's one hot piece of American steel. Get it together. Buckle up.

*Net torque and horsepower as measured by SAE standard J1349.

HAVE YOU DRIVEN A FORD...LATELY?

Make it with us and the sky's the limit.

Looking for a chance to move in the fast lane? Then check out Marine Corps Aviation. The training is superb. The challenges are unique. Your ticket to fly is your college diploma and your drive to succeed. If you've got what it takes, you could be at the controls of anything from a Cobra to a Harrier to the hottest thing flying, the F-18 Hornet. If you want to take it to the limit, mail the card or call toll-free, 800-423-2600. In California, 800-252-0241.

Maybe you can be one of us. The few. The proud. The Marines.

Radio Shack's New \$199.95 Cassette Deck Has All The Most-Wanted Features

Our Realistic® SCT-500 is a popularly-priced deck that combines smart, high-tech styling with error-proof operation, Auto-Search and brilliant, full-range stereo recording and playback.

"Soft-touch" pushbutton controls make it incredibly easy to use. You get smooth, precise tape handling, and you can't damage a cassette by pressing the wrong button. Two-color, 8-segment peak-reading LED meters make it easy to set recording levels accurately. A 3-digit counter and a pause control simplify editing while taping.

Just push a button and our Automatic Search Music System senses the silence between musical selections so you can advance to the next song or replay the previous one quickly, without hunting. There's even a lighted Search mode indicator.

Metal/CrO₂/Normal tape selectors and Dolby* Type-B noise reduction system mean you'll get extended dynamic range and the

cleanest sound possible from any tape. Using our own SUPERTAPE® Metal cassettes, the frequency response is a remarkable 30-16,000 Hz, ± 3 dB.

To top it off, we've even built in a provision for recording off-the-air when you're not at home, using an external AC timer. Few decks, at such a low price, give you so many wanted features.

- SCT-500 Stereo Cassette Deck
- ST-500/SA-500 Stereo Tuner and Amplifier Combo
- LAB-290 Belt-Drive Turntable, \$29.95 Cartridge
- Two Minimus®-50 Speaker Systems

These matched, space-saving components deliver dynamic, room-filling stereo without filling your room with equipment. Separately, you'd pay \$819.75. Get it all now at Radio Shack for only \$699.

Zilch.

If you're a senior and have the promise of a \$10,000 career-oriented job, do you know what's stopping you from getting the American Express® Card?

You guessed it.

Nothing.

Because American Express believes in your future. But more than that. We believe in you now. And we're proving it.

A \$10,000 job promise. That's it. No strings. No gimmicks. And this offer is even good for 12 months after you graduate.

But why do you need the American Express Card now?

First of all, it's a good way to begin to establish your credit history. And you know that's important.

Of course, the Card is also good for travel, restaurants, and shopping for things like a new stereo or furniture. And because the Card is recognized and welcomed worldwide, so are you.

So call for a Special Student Application or look for one at your college bookstore or on campus bulletin boards.

The American Express Card. Don't leave school without it.SM

For the first time a music system and the listening environment have been designed together.

Second in a series
on how Delco
Electronics

and Bose technology
contribute to your
enjoyment of driving.

The performance of even the best home music systems is limited by the acoustics of the environment, the placement of the speakers and the location of the listeners. These important factors are beyond the control of the designer.

Three years ago Delco Electronics, General Motors Car Divisions and Bose Corporation began research to design a music system with, and for, its environment. The acoustics of the car were measured, the speakers precisely placed, and the known locations of the listeners were considered in the design. The result is a music system designed differently for each automobile body, but with one element in common—the performance!

And how much difference does this new design concept make? We let hundreds of people listen to the Delco-GM/Bose Music System during its development. From musicians to people who had not believed that music was important in their lives, the reaction was the same.

But if we say more we might bias the experience you will have when you visit your GM dealer. Just try not to get excited!*

The \$7 Push Button Phone

Plug in and start pushing. Now you can have highly automated phones with no monthly service charges for just \$7 each. But, there's a catch.

Send back your dumb phones. Now instead of paying monthly service charges you can have push button dialing, last number redial, mute, and ringer off.

You can forget big clunky phones. You can also forget dials. This phone works perfectly whether you now have rotary or push button phones.

Now for just \$7 you'll have the latest technology at a price that'll let you have a phone in every room in your home. But, don't forget there's a catch.

NOTHING TO INSTALL

Simply plug this phone into any standard modular phone jack and start talking. If you don't already have jacks, call your phone company.

They may even put them in free for

quality speaker instead of the old diaphragm 'thing' that's been in phones for 20 years. Even the electronic ring is new.

But, the nicest part of all are the push buttons. Once you've started using buttons you'll hate dialing the old way.

With this phone you can push the buttons as fast as you want. Then the phone sends out pulses on your line that work with virtually any phone system.

So this phone works anywhere. You can unplug it and move it from room to room or house to house in seconds.

The phone automatically hangs up when you set it down or you can push its 'hang up' button. It comes complete with an 8 foot cord, coiled at the phone end, and a limited warranty.

It's built more like a HiFi than a telephone. Modern electronics have finally come to phones.

you. Due to the recent Supreme Court ruling, soon they'll probably be selling you your own phones anyway. And, at worst, there's just a small one time fee.

LAST NUMBER REDIAL PLUS

It's really neat. If you call a number and it's busy this phone will automatically redial the number for you each time you touch 'redial'. There's no need to keep dialing over and over again.

When you need to speak privately to someone with you, you don't have to cover the mouth piece. Just press the mute button and the person on the line will be cut off for privacy.

When you want to take a nap, just switch the ring off and the phone won't ring. There's never a need to take your phone off the hook again.

The quality is great. A high quality condenser microphone lets the person you talk to hear you loud and clear.

And you hear them through a high

We challenge you to compare the frequency response, dynamic range and signal to noise ratio of our new Gold Label MLX to Maxell UDXL or TDK SA. If they win, we'll not only give you back your money, we'll give you a free gift for your trouble. And, DAK's come with a deluxe hard plastic box, index insert card and a limited 1 year warranty.

WHY, YOU MAY BE ASKING?

You're very valuable to us in the form of future business. Over 150,000 customers have responded to bonuses like this. We find most of you keep buying once you've tried our cassettes and our prices; and that's a gamble worth taking.

NOT A BAD CATCH

DAK manufactures a cassette with no problems and great sound. We've been hot on the heels of the frequency responses of Maxell and TDK. The tape we made last year had a great frequency response up to 14,000hz.

Now our new Gold Label MLX is second to none. We have a frequency response to 19,500hz and we'll go head to head against any tape on the market.

TRY NEW DAK MLX90 CASSETTES RISK FREE

To get the automated phone for just \$7, try 10 MLX high energy cassettes. If you aren't 100% satisfied, return only 9 of the 10 cassettes and the phone in its original box within 30 days for a refund. The 10th cassette is a gift for your time.

To order your 10 Gold Label DAK MLX 90 minute cassettes and get the automated phone for only \$7 with your credit card, call the DAK toll free hot line or send your check for only \$24.90 for the tapes, plus \$7 for the phone and \$3 for postage and handling for each group. Order No. 9416. CA res add 6%.

An automated Phone for \$7 and DAK's new improved MLX. Time to stock up.

SKI THE WINNING COMBINATION.

When Edwin Halsnes won the grueling World Pro Skiing Championship last season, he had an obvious advantage.

He was skiing the winning combination—Head skis, Raichle ski boots, and Tyrolia bindings.

So was Hans Hinterseer when he won the 1982 World Pro Downhill Championship. And so will members of the U.S. Ski Team when they compete this season.

But racing has been in our blood for years. Thirty-two years with Head. And as far back as we can remember with Raichle and Tyrolia.

That's why we're the choice of so many winners.

Like Canada's Ken Read, one of the world's top downhill racers, who skis Raichle boots and Head skis; Andre Arnold, four-time consecutive World Pro Champion, who chose Raichle boots and Tyrolia bindings; Conraddin Cathomen and Maria Walliser, World Cup Combined Downhill Champions in Raichle boots; or Leonhard Stock, Olympic Downhill Champion, and Steve Podborski, 1982 World Cup Downhill Champion, with Tyrolia bindings.

We helped all of them ski better. We can help you ski better, too.

To find out how, write Raichle Molitor USA,* Geneva Road, Brewster, NY 10509.

We'll send you a free catalog for each product and the name of the Raichle/Tyrolia/Head dealer nearest you.

*Official suppliers to the National Collegiate Ski Association.

VA EDUCATIONAL BENEFITS

IT IS THE STUDENT'S RESPONSIBILITY TO BE AWARE OF AND FULFILL ALL REQUIREMENTS FOR RECEIPT OF G.I. BILL BENEFITS

Any student using VA Educational Assistance (G.I. Bill Benefits) at Memphis State University should contact the Office of Veteran's Services (Room 212, Scates Hall, 454-2996). New students should be prepared to furnish the following items as needed: an original or VA certified copy of their DD 214, or other armed forces separation papers, a copy of their Delayed Enlistment Contract, copies of their children's birth certificates, a copy of a divorce decree if either vet or spouse was previously married, their VA file number if benefits have been used previously, and a transcript from any college or university previously attended.

The VA places restrictions on those receiving veterans educational benefits. Some of these restrictions include: regular class attendance, satisfactory academic progress, and adherence to a specific degree program. The VA will not pay for repeated courses if the grade already earned is acceptable for graduation requirements and major objectives at this University (This includes transfer credit), or for elective courses in excess of those needed to meet graduation requirements.

Certification Reminders:

- 1 Register with the Office of Veterans Services every semester by completing a Veteran Data Sheet and Certification Request.
- 2 Report credit allowed for prior training in cooperation with your adviser by completing a "Request for Reevaluation of Prior Credit" form. These forms are available from the Office of Veterans Services.

- (3) Inform the Office of Veterans Services of any changes in major or degree pursued, address, marital status, or number of dependents claimed.
- (4) After registering report to the Office of Veterans Services immediately all changes in class schedules including adds, drops, section changes, cancelled courses, and withdrawals.
- (5) Obtain a degree posting sheet/formal degree plan from your adviser, and furnish a copy of the Office of Veterans Services, as well as keeping a copy for your personal files.

For more information on eligibility requirements, monthly pay rates, and other services available, contact the Office of Veterans Services.

ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after December 1, cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to that date. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 167, Administration Building, or by telephoning 454-2398.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from Room 167, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons who will become sixty (60) years of

age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons who will become sixty-five (65) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$17.50 per undergraduate semester hour, or \$24 per graduate semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

REGISTRATION PROCEDURES

(1) CONSULTING WITH ACADEMIC ADVISER

Current Students

Current Memphis State University students are encouraged to see their academic advisers well in advance of registration, preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an adviser's signature prior to entering the registration center.

To find where an adviser will be located for assistance in class scheduling, go to the Packet Center located in the Old Cafeteria of Jones Hall, when it is open, and in the Late Registration Center, during the late registration period. Please consult the registration calendar for dates and times these Centers will be open.

During late registration academic advising occurs in the academic department, where faculty advisers are generally available except when they are teaching. Assistance in locating an adviser can be obtained in the Department Offices or in the Late Registration Center.

Handicapped Students

Preferential scheduling is offered to some disabled students to allow them reasonable opportunity to plan around disability-related needs. Students eligible for this service include those with mobility impairments, visual or hearing impairments, dyslexia and others who must accommodate medical or educational needs arising from a disability. Attendants for handicapped students are also eligible.

Preferential scheduling is begun prior to regular registration. Students using this procedure should see their adviser, fully complete the "Student Schedule" form and take it to the Handicapped Student Service Office well in advance of the beginning of registration. The desired class cards will be pulled before registration opens and will be held on reserve in the Records Referral Center at registration.

Handicapped students may go through registration at any convenient time after the appointment time assigned in the registration packet. After being cleared to register, they should proceed directly to the Records Referral Center and pick up their envelope of reserved cards. From there they must proceed through the regular line to complete registration.

If a student for whom cards are pulled in advance should for any reason decide not to complete registration, notification must be given to the Handicapped Student Service Office so that the reserved cards may be returned to the departments for use by others.

All reserved cards that are not picked up during regular registration will be transferred to the Referral Desk at late registration. Handicapped students may ask for a waiver of late fee on the basis of handicap if their cards were reserved in advance.

However, students who can go through regular registration are encouraged to do so rather than going through late registration.

For further information and specific details, please contact the Director of Handicapped Student Services, 215 Scates Hall, or call 454-2880.

New and Readmitted Students (Undergraduate)

All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an adviser. Students who have not seen an adviser will be assigned one.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an adviser. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

Evening (Undergraduate)

New and readmitted undergraduate students **enrolling in evening and/or Saturday courses only** may obtain the required registration and advising information in the Evening Academic Services Office, Room 167, Administration Building.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 167, Administration Building for advising assistance.

New and Readmitted Students (Graduate) — Day & Evening

New graduate students are directed to an adviser following their admission. Students classified as Graduate Special or Graduate Provisional should go to the Graduate School Office, Room 315, Administration Building for an adviser.

Readmitted graduate students having a major should contact the department of their major for the assignment of an adviser. Readmitted graduate students not having a major should contact the Graduate School Office for an adviser.

(2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

Current Students

Registration materials are mailed to the permanent address of all regular students currently enrolled, with the exception of those students suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. **Appointment times do not reflect hours earned during the current term.** For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

Special Courses

Credit/No-Credit Courses — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form, and secure adviser's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

Audit Courses — The student must: (1) Obtain academic adviser's approval; (2) Go to the department in which course is taught and pick up "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin*.

Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 204 Scates Hall. A student will be charged \$10.00 to replace a card that has been damaged, stolen, or lost. A charge of \$2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time ID card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

(4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship" or "Authorized Billing" stations in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

Students may not register until all outstanding financial obligations have been cleared.

Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A \$10.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

FEES AND DEPOSITS

Application Fee

Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of \$5.00.

Maintenance Fee

All students, whether resident or non-resident, pay a maintenance fee. Maintenance fees are based upon student level rather than course level. A graduate student registering for any undergraduate hours will pay graduate rates. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-

sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

Summary of Course Fees

	In State	
	Per Hour	Maximum
Undergraduate	\$35	\$416
Graduate	48	506
Law (degree)	48	517
Law (non-degree)	62	

	Out-of-State*	
	Per Hour	Maximum
Undergraduate	\$111	\$1295
Graduate	124	1385
Law (degree)	124	1396
Law (non-degree)	138	

*Out-of-state student fees include a maintenance fee which is charged each student plus an additional \$76.00 per hour or \$879.00 maximum.

Fees for auditing courses are assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.

Activity Fee

All students enrolled for one credit hour or more will pay a \$1.00 Student Activity Fee. The amount is \$1.00 regardless of the total number of hours for which the student is enrolled.

There is no activity fee during the summer terms.

Tuition

Students classified as out-of-state are charged an additional \$76.00 per semester hour.

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

RESIDENCY CLASSIFICATION MAY BE CHANGED ONLY BY THE RESIDENCY ADVISER, OFFICE OF ADMISSIONS AND RECORDS.

University College Fees

In addition to their \$5.00 application fee, students who apply to the University College must pay a screening fee of \$15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of \$25.00.

Students who apply for credit for experiential learning will pay \$15.00 per credit hour granted after evaluation of their learning and assignment of credit. For those students who are enrolled under a group contract, no more than a maximum fee of \$90.00 will be assessed for credits assigned under the terms of the group contract.

Courses in Applied Music

The fee of applied music is \$30.00 per semester for each one-half hour lesson.

Music Locker Deposit

Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of \$3.00 for one semester or \$4.00 for two semesters is required on each locker issued. This deposit, less a service charge of \$1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay \$5.00 for an official permit, valid from

September through August, and register the vehicle in the Security Office, Room 151, Administration Building. A reduced fee of \$4.00 is charged for vehicle registrations after January 1, and \$2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

ROTC Deposit

A uniform deposit of \$10.00 is required of each student who enrolls in the Army and Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

Laboratory Deposits

Certain courses in chemistry require breakage deposits from \$10.00 to \$20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of \$4.00 for the locker and towel issued them. Students must provide their own lock.

Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged \$10.00 for any late registration following the official registration period.

Adding and Dropping Courses

A fee of \$5.00 will be charged for each change-of-course form processed, regardless of the number of course or section changes included on the form.

Transcripts

There is no fee for transcripts. However, the student will be charged \$1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

Diploma Fee

Each candidate for a degree from Memphis State University pays a \$25.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

STUDENT FEE REFUND PROCEDURES

Maintenance Fees, Out-of-State Tuition, Music Fees

The following refund percentages apply to students who withdraw from the University or who drop to an hourly load below full-time.

1. 100% Refund: A full (100%) refund of fees will be made for courses cancelled by the University.
2. 75% Refund: The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending for a period of time as noted in the term calendar for the semester.
3. 25% Refund: A 25% refund of enrollment fees is provided after the expiration of the 75% refund and concludes as noted in the term calendar for each semester.
4. 100% refund in case of death.

If a student withdraws during the 75% period, all of the student activity fee is refundable. There is no refund of the student activity fee after this period.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a

refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

Note on the term calendar in the *Schedule of Classes* that the refund period ends **earlier** than the final deadline for dropping a course or withdrawal.

Refunds will be processed beginning approximately two weeks after classes begin and usually should be completed six weeks after classes begin.

Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

Credit by Examination or Placement Examination

The fee for taking an examination for credit is \$15.00 minimum and an additional \$5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

(5) CHANGING ENROLLMENT STATUS

CHANGE-OF-COURSE APPLICATIONS "ADD-DROPS" WILL BE PROCESSED ONLY AFTER THE REGULAR DATES OF REGISTRATION, COMMENCING ON THE FIRST DAY OF LATE REGISTRATION.

Change of Course

After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change-of-course transaction before it is processed. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students enrolled in one course who wish to drop must withdraw from the University.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course and section numbers, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has been closed and later reopened. The University reserves the right to cancel courses or sections, or to combine sections.

Get to the answers faster. With the TI-55-II.

What you need to tackle the higher mathematics of a science or engineering curriculum are more functions—more functions than a simple slide-rule calculator has.

Enter the TI-55-II, with 112 powerful functions. You can work faster and more accurately with the TI-55-II, because it's preprogrammed to perform complex calculations—like definite integrals, linear regression

and hyperbolics—at the touch of a button. And it can also be programmed to do repetitive problems without re-entering

the entire formula.

Included is the *Calculator Decision-Making Sourcebook*. It makes the process of using the TI-55-II even simpler, and shows you how to use all the power of the calculator.

Get to the answers faster. Let a TI-55-II show you how.

*Classes meeting one day a week for at least two hours will have their examination during the examination week at the time the class normally meets.

No examination may be given at a time other than the one listed above except with written permission from the department chairman and the college dean.

Examinations for classes which meet at an hour not included in this schedule (e.g., 9:30 MWF) should be given at an hour as close to the scheduled hour as possible. (The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

- (1) Undergraduate Students—the Center for Student Development, Room 120, Scales Hall
- (2) Evening/Saturday Students—the Dean, Evening Academic Services, Room 167, Administration Building
- (3) Graduate Students—the Dean of Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

Arts & Sciences
Dean's Office — MI 219
Business Administration
College Adviser — BB 357
Communication & Fine Arts
Dean's Office — CFA 234
Education
College Adviser — ED 211
Engineering
College Adviser — EN 259
University College
Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Administration Building, Room 315.

Students may change adviser by making application to the college in which they are currently enrolled.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

IMPORTANT: All changes should be made early in the semester to insure their processing before the next semester.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

Withholding of Grade Reports

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University *Bulletin*.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 167, Administration Building, between the hours of 12:00 Noon-8:00 p.m. Monday through Thursday, and 8:30 a.m.-12:00 Noon on Saturdays.

PRIVACY RIGHTS OF PARENTS & STUDENTS NOTICE TO STUDENTS

The Family Educational Rights and Privacy Act of 1974, with which the University intends to comply fully, is designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the Institution to comply with the Act.

Provisions for the release of information about students and the rights of students and others to have access to Memphis State University education records are as follows:

- A. Release of Personally Identifiable Student Education Records. Memphis State University shall not permit access to or release of any information in the **Education Records** which is specifically identifiable as referring to any student, other than Directory Information, without the written consent of the student to any party other than the following:
 1. MSU officials and staff who have legitimate educational interests, including academic excellence, honor societies, and fraternities and sororities. Written requests from such officials or organizations shall be sent to the Records Office, and proper identification will be required.
 2. Officials of other schools in which the student seeks admission, if the student has executed a release form to that institution. (At a later date a request for academic information from another institution of learning indicating the reason will be honored as a matter of inter-institutional courtesy.)
 3. Appropriate persons in connection with a student's application for or receipt of financial aid.
 4. Federal or State officials as defined in the regulations concerning this law.
 5. State and local officials authorized by State statute adopted prior to November 19, 1974.
 6. Organizations conducting studies for, or on behalf of, Memphis State University for the purpose of assisting in accomplishing the University's stated goals, and when such information will be used only by such organizations and subsequently destroyed when no longer needed for the intended purpose. The Dean of Admissions and Records or his designate must approve requests of this nature.
 7. Accrediting organizations to carry out their functions.
 8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954. (Note: Husband or wife cannot get records of his/her spouse regardless of dependency.)
 9. In compliance with judicial order or subpoena after the University has made a reasonable effort to notify the student.
 10. Appropriate persons in connection with an emergency if such knowledge is necessary to protect the health or safety of a student or other persons. Verification of the conditions involved will be fully documented.

Note:

All individuals and agencies who have requested or obtained access to a student's record (except as stated in A 1-7) will be noted in a record which is kept with each student's closed file. A request must be in writing stating the purpose of the re-

quest. This record will also indicate specifically the legitimate interest that the person or agency had in obtaining the information, and the information made available will be limited to that necessary to satisfy such demonstrable needs.

B. Definitions:

- **Educational Records.** "Educational Records" is defined as those records, files, documents, and other material which (1) contain information directly related to a student; and (2) are maintained by Memphis State University or by a person acting for the University. They do not include: (1) personal notes; (2) records available only to law enforcement personnel; (3) employment records; (4) medical, psychological, and psychiatric records (these are accessible to the student's physician); (5) and records containing only information relating to a person after that person is no longer a student at the University. An example would be a record of accomplishments of an alumnus of the University.
- **Student.** A student is any person who is or has been enrolled at Memphis State University. Wherever "student" is used in reference to personal rights, an eligible parent of a dependent student has similar rights. This "eligible" parent is one who has satisfied Section 152 of the Internal Revenue Code of 1954, and who presents proof of such to the custodian. Normally, this will be notarized affirmation by the parent declaring that the student is a dependent for Federal Income Tax purposes.
- **Directory Information.** "Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full- or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office a written request that directory information for that student may not be released. This notification is effective only for the one semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.
- **Access.** To have access to an "Educational Record" is to be allowed to see the original record. It implies the right to obtain copies of that record.
- **School Officials.** School officials are those University employees with general or specific responsibility for promoting the educational objectives of the University. Employees whose responsibilities place them within this category include: teachers; faculty advisers; admissions counselors; academic advisers; therapeutic counselors and vocational counselors; degree analysts; employment placement personnel; deans, department chairmen, directors, and other administrative officials responsible for some part of the academic enterprise or one of the supporting activities; administrative and faculty sponsors of officially recognized clubs, organizations, etc.; members, including student members, of committees appointed by the President; and clerical personnel employed to assist University officials in discharging professional responsibilities. Access by these officials is restricted where practical only to students for whom they have professional responsibility and only to that portion of the student record necessary for the discharge of assigned duties.
- **Legitimate Educational Interests.** Legitimate educational interests are defined as those interests which are essential to the general process of higher education prescribed by various legislative acts and the body of policy adopted by the governing board. Legitimate educational interests would include teaching, research, public service, and such directly supportive activities as academic advising, general counseling, therapeutic counseling, discipline, vocational counseling and job placement, financial assistance and advisement, medical services, and academic assistance activities.

In addition, the University officially recognizes appropriate co-curricular activities which are generally supportive of overall goals of the institution and contribute generally to the well-being of the entire student body and specifically to many individuals who participate in these activities. These activities include varsity and intramural sports, social fraternities and sororities, honorary and academic fraternities and sororities, departmental clubs, professional fraternities, special interest clubs, and student government.

C. Procedure for Gaining Access to Educational Records.

- To gain access, the student must request the custodian to allow him to peruse the "Educational Record," which request will be granted within a reasonable period of time. The student may ask for an explanation and/or copy of his "Educational Record." Examination will be permitted under conditions which will prevent alteration or mutilation of the record. A student must present proper identification upon request. Documents submitted by or for the student in support of his application for admission or for transfer credit will not be returned to the student nor sent elsewhere.
- If the student believes the "Record" content to be inaccurate, he may submit a request for amendment of his record. Normally such matters will be satisfactorily settled in the course of informal discussion with the student. When this is not the case, the request and the challenge must be presented in writing to the record custodian who will inform the student of his decision within 45 days and of his right to a hearing. The student may then submit a written request for a hearing to the Dean of Admissions and Records who will (1) appoint an Appeals Committee consisting of four "Record" custodians (none of whom is custodian of the "Record" in question), with one of the four designated as chairman, and (2) designate a time and place for the first meeting and inform the student of the same.
- The Appeals Committee will convene with the student within 45 days from the date of the request, allowing the student, or his parents if the student is a dependent, to present relevant evidence. The student may be assisted or represented by counsel of his choice and at his own expense. A written decision based solely upon evidence presented at the hearing will be given the student within 45 days after the conclusion of the hearing, including a summary of the evidence and reasons for the decision and notification of his right to place a statement in the "Educational Record." Thereupon, the student may submit to the Committee a written explanation to be inserted into the "Record."

Note: This procedure does not provide for a hearing to contest an academic grade.

D. Right of Access Does Not Include:

- 1. Financial records of parents or any information therein.
- 2. Confidential letters and statements of recommendation which were placed in the "Educational Records" prior to January 1, 1975.
- 3. "Records" to which access has been waived by a student.
- E. No University office receiving student information shall, and all agencies receiving student information will be advised not to, release the information to another party without the written consent of the student.
- F. The University retains all rights to the student's academic record and may withhold transcripts of the record because of unfulfilled obligations to the University.
- G. Eligible students and parents have the right to file a complaint with the Department of Education concerning an alleged failure by the University to comply with the "Privacy Rights of Parents and Students" Act. Students may also file a complaint against the University in the office of the Dean of Admissions and Records. A copy of the Act may be read in the offices of the Associate Dean of Admissions and Records (Records), the Dean of Admissions and Records, or the University Council.

BUSINESS

For the business major, choosing the right career means checking out many attractive options. To help you focus on the best career for you, our editors have selected career areas especially promising for business majors. Each book tells you what you need to know about jobs, education, salaries, how and where to get started, and your potential in the field.

COMMUNICATION

Selecting the right career can be confusing and difficult, especially when you don't have a technical or business degree. To help you get on target, our editors have selected these careers for you. Each book is authored by a pro who gives you the inside story on jobs, education, salaries, how and where to get started.

The world's smallest stereo cassette. It's less than a handful but sounds like a roomful. The Way™ from Panasonic.

Way smaller than the rest.
The Way is the world's smallest stereo cassette player. It fits in almost any pocket. And it weighs in at under 9 ounces. The new Way from Panasonic, in red and white (RQ-WJ1) or metallic grey (RQ-KJ1).

Way out sound.
With its super-lightweight adjustable headphones, you'll feel like you're moving with a roomful of music between your ears. And on the move, its anti-roll mechanism helps keep the sound from fluttering.

Way easier to use.
The controls are big, and each one has a different shape. So you can use the Way by feel. Even use it with your gloves on. There's also a holster that lets you change tapes without removing the Way.

Way ahead on features.
A unique pause switch on the headphone wire stops the music while you stop to talk. So you'll never miss a beat. And one headphone wire means way less tangling. The Way is way ahead of its time.

Tape and AA batteries not included.

Panasonic
just slightly ahead of our time.

Casio takes you from high school to high tech.

It's a fact. Nobody has a more complete line of state-of-the-art, scientific calculators than Casio.

Even our basic FX-7 model gives you 23 functions—everything you need to up-grade your grades.

Our FX-900 model is the lowest priced solar scientific calculator under the sun. And not only will its 41 functions save you lots of time and energy, but because its solar cell operates in any normal light, it'll save you from ever having to buy batteries.

And while our credit card size

model FX-78 is among the smallest calculators of its kind, with its 41 functions, you have to give it credit for thinking big.

If you want to get with a programmable, our FX-3600P gives you 61 functions and 38 programming steps at only a small step up in price.

And when you're ready for the step up to a computer, our FX-702P will make it easy. It uses BASIC programming language. And its 1680 programming steps and optional peripher-

als can take you to the highest tech possible using a hand held computer.

High tech at low prices. That's something you've always been able to count on from Casio.

A detailed applications manual comes with each Casio scientific calculator.

CASIO

Where miracles never cease

A TAPE DECK SO ADVANCED IT HAS A FEATURE THAT FINDS NOTHING.

We call it
Blank Search.

You'll no
doubt call it the
best thing to happen to recording since
magnetic tape.

Because, the Pioneer CT-9R tape deck with Blank Search finally puts an end to the old Fast Forward/Stop/Play/Reverse/Stop/Play method of finding where your last recording left off and the next one can begin.

Now, all you have to do is push a button and let the tape deck do the work. It'll find the blank area that's long enough to tape on, back up to the last recorded piece, leave a four second space and stop, ready to record.

And there's more wizardry where that

came from.

Like Index
Scan, Music

Search, Blank Skip

and a Real Time

Counter that reads out the

amount of tape left in meaningful minutes and seconds instead of meaningless inches. In other words, features that will revolutionize the way you record and listen to tapes.

**BLANK
SEARCH**

But don't thank us.

Thank the little brain that made it all possible. A tiny microprocessor that makes the CT-9R more than a tape deck, it makes it smart.

Smart enough to make your music easier to listen to. Even smart enough to make your music sound better, with Automatic Bias Level Equalization.

What Auto B.L.E.

means, to those without a degree in electronics, is that the tape deck automatically analyzes the tape being used (no easy task with over 200 different tapes on the market) and then adjusts itself for optimum recording with that tape. Improving the quality of your recordings faster than you can say "wow and flutter."

Auto B.L.E. aside, all of the CT-9R's features, from Blank Search to Blank Skip, do only one thing.

Let you spend a lot less time looking for your music.

And a lot more time listening to it.

PIONEER®
Because the music matters.

A unique solution to a serious turntable problem: Technics introduces turntables with the P-Mount system.

Unfortunately, standard turntable design has left too much to chance in terms of cartridge mounting and performance.

Technics turntables with the patented P-Mount tonearm/cartridge system change all that. By providing complete compatibility between tonearm and cartridge to achieve the optimum tonearm resonant frequency: the level at which bass frequency interference is minimized. For the accuracy and fidelity conventional turntables can deny you.

In addition, P-Mount is a plug-in system. You'll get outstanding performance without struggling to install the cartridge. There's nothing to wire. There's no longer a headshell. There's no more fumbling to calibrate overhang or stylus position. In addition, tracking and anti-skating adjustments have been virtually eliminated.

Just plug any P-Mount cartridge into a Technics straight, low mass, high performance tonearm, and tighten one locking screw. With Technics, your records are now virtually immune to the groove wear, poor channel separation and distortion caused by improper cartridge-to-tonearm mounting.

And Technics standardized all key specifications with manufacturers of P-Mount cartridges: cartridge weight, external dimensions, connector shape, stylus position and more. So you have a wide range of cartridges to choose from.

The P-Mount plug-in cartridge system. Just one of the many advances you'll find in the new line of sophisticated Technics turntables. From belt-drive to direct-drive to quartz-locked.

The turntable revolution continues at Technics.

When Our Trees Go Down In Flames, Our Dollars Go Up In Smoke.

Southern forests are more than homes for our wildlife and playgrounds for our people.

Much more.

They play a big role in our economy. As demands for wood and paper products increase, the role becomes even bigger.

Today the South provides nearly one-third of the nation's wood. Within four decades, we'll be expected to furnish more than half. This, of course, represents thousands of jobs and millions of dollars to our people and communities.

When our forests burn—by accident or arson—jobs and money are lost. And prices go up on the thousands of items made from wood and paper.

Please do all you can to help stop Southern forest fires. Be careful in the woods and report anything suspicious to your sheriff or local forestry agent.

Now, more than ever, we can't afford lost jobs, lost income or higher prices.

Before We Put You In Charge Of The World's Most Sophisticated Nuclear Equipment, We Put You Through The World's Most Sophisticated Nuclear Training.

It takes more than 16 months of intensive training to become a fully qualified officer in the Nuclear Navy. You begin with four months of leadership training. Then as a Navy officer you get a full year of graduate-level training unavailable anywhere else at any price.

Navy training is based on more than 1900 reactor-years of experience. Right now the Navy operates over half the nuclear reactors in America. And the Navy's nuclear equipment is the most sophisticated in the world. That's why your Navy training is and must be the most sophisticated in the world.

As an officer in the Nuclear Navy, you have decision-making authority immediately. You get important management responsibility fast. Because in the Navy, as your knowledge grows, so does your responsibility.

Your training and experience place you among the country's most qualified professionals.

(No surprise that most of the men who operate the reactors in private industry started in the Nuclear Navy.)

It takes more time and more effort to become an officer in the Nuclear Navy.

But the rewards are greater, too.

The rewards can begin as early as your junior year in college. Qualify, and the Navy will pay you approximately \$1000/month while you finish school.

After four years, with regular promotions and salary increases, you can be earning as much as \$37,400. That's on top of a benefits package that includes medical and dental care, and 30 days' vacation earned every year.

More responsibility, more money, more future. So, if you're majoring in math, engineering or the physical sciences, and you want to know more about a future in nuclear power, fill in the coupon.

Today's Nuclear Navy is an opportunity like no other in the world.

T.G.I.F.

You could use a break. You spent so many hours at the library this week you were beginning to get your phone calls there. Now you're free, and ready to go. You've got your nifty Pontiac 1000 full of fuel. And you're about to fill this fun little Hatchback with your favorite friends and refreshments. The beach, the mountains—it really doesn't matter. All you want to do this weekend is hit the road... instead of the books.

PONTIAC  **WE BUILD EXCITEMENT**

This calculator thinks business. The TI Student Business Analyst.TM

If there's one thing undergrad business students have always needed, this is it: an affordable, business-oriented calculator.

The Student Business Analyst. Its built-in business formulas let you perform complicated finance, accounting and statistical functions—the ones that usually require a lot of time and a stack of reference books, like present and future value calculations, amortizations and balloon payments.

It all means you spend less time calculating, and more time learning. One keystroke takes the place of many.

The calculator is just part

of the package. You also get a book that follows most business courses: the *Business Analyst Guidebook*. Business professors helped us write it, to help you get the most out of calculator and classroom. A powerful combination.

Think business.
With the Student Business Analyst.

MINI COLLEGE PROGRAM

Martha Armstrong, Coordinator
 Room 165 — Administration Building
 Register in Mini College Office — January 3 - January 12

Move Into A New Identity (MINI) is a program for mature men and women who want to resume or begin their college education but are unable to attend classes under the regular schedule. The MINI College offers personal, individual handling of admissions and registration procedures and special classes and teachers to ease the trauma of becoming a college student. For more information, contact Mrs. Martha Armstrong at 454-2995.

FOR TELECOMMUNICATIONS IN TEACHING

TELEVISION-ASSISTED DIRECTED STUDY COURSES

Memphis State University, in conjunction with WKNO-TV, offers television-assisted courses for adults working toward bachelor's degrees. These courses, designed by specialists in a variety of fields, are rigorous and challenging. They have been developed by the National University Consortium, of which MSU is a member, to serve the special need of adults who, because of work and family obligations, distance, or handicap choose not to attend on-campus classes. Persons in Memphis and the surrounding areas of Arkansas, Mississippi, and west Tennessee within the broadcast area of WKNO-TV may enroll.

Independent reading is a major component of each course. Students will be guided in their studies by a detailed week-by-week syllabus, interactive texts, supplementary readings, self-assessment exercise and written assignments. Half-hour television programs supplement the reading and will be broadcast bi-weekly on WKNO-TV. Video tapes of the television programs will be available for viewing in the Learning Media Center. Written assignments will be evaluated by a faculty member with whom the student may confer by phone or in person. Students may also attend optional discussion sessions.

Registration for these courses may be completed by mail; books may also be ordered by mail. The fee for both in-state and out-of-state students is \$35 per credit hour. Contact the University College at 454-2716 for further information.

COURSES FOR SPRING 1983

Introduction to The Humanities, UNIV 1210, sec. 521 — 6 semester hours. Instructor: Dr. Robert Frankle.

This course is a general introduction to the major fields of the humanities: history, literature, music, philosophy, and art history. Case studies are used to illustrate some important concepts of each discipline and explore the methods used by scholars in each area. Included are Shakespeare's *A Midsummer Night's Dream*, Bach's *Second Brandenburg Concerto*, and Renaissance Art.

Perspectives in Sociology, SOCI 4911, sec. 521 — 6 semester hours. Instructor: Dr. Jerry Michel.

This course will draw on the student's experience and will expand and deepen understanding of social relationships and prob-

lems. It will focus on theories, concepts and data dealing with individual behavior, relationships between individuals and society, and interactions among groups in society. The disciplines that have contributed to the course are sociology, psychology and social psychology, with smaller contributions from economics and political theory. The goal of the course is to present a broad interdisciplinary approach to the study of social relationships.

People and Organizations, PSYC 3508 and SOCI 3801, sec. 521 — 6 semester hours. Instructors: Dr. Lois Smith and Dr. Peter Takayama.

This course helps students identify and understand power and control in organizations, develop new insights concerning people and organizations, and understand and implement problem-solving techniques. Topics include the classification of organizations, power, roles, decision-making, and the relationship between the individual, the work group, and the organization. Major theories of organizations will also be studied.

Exploring Language, UNIV 1020, Communication II — sec. 521 — 6 semester hours. Instructor: Ms. Linda Hearn.

An innovative approach to the study of language and writing. The course has a dual purpose: to teach the fundamentals of clear, concise writing by providing week-by-week instruction in organizing and writing essays, and to explore the social, psychological, and political implications of language.

The Religious Quest, PHIL 3701, sec. 521 — 6 semester hours. Instructor: Dr. Herbert J. Singh.

This is a course in world religions. The religions chosen for study comprise the majority of humankind and are living traditions in contemporary times: Hinduism, Buddhism, religions of China and Japan, Judaism, Christianity, Islam, African primal religions, and alternatives to religion, such as Marxism and scientific humanism. The course is interdisciplinary in that it includes historical and social materials, literary and artistic aspects, as well as philosophical and theological dimensions of the religions.

You don't know me ...yet.

But you will. See, I've been assigned to help you learn how to protect yourself against crime. I'll be giving you tips on how to discourage burglars, disappoint muggers, and generally make life a little harder for criminals.

Like, for instance, did you know if a burglar can't break into your place after four minutes, chances are, he'll quit? So locking your door could ruin a crook's night.

Another example. Don't carry a purse when you don't need one. It makes a lot of sense; if you don't have your purse, it can't be snatched.

You'll be seeing a lot of me, but in the meantime, find out more. Write to: Crime Prevention Coalition, Box 6600, Rockville, Maryland 20850.

Find out what you and your neighbors can do to prevent crime. That's one way to help.

ADDENDA TO THE CATALOGS

GRADUATE AND UNDERGRADUATE ISSUES 1982-1983 MEMPHIS, TENNESSEE DECEMBER 1982

The following courses were approved for inclusion in the offerings of the University after 1982-83 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum.

UNIVERSITY COLLEGE

UNIV 3510. THEMATIC STUDIES. (6 credit hours) HISTORY OF MODERN WESTERN THOUGHT.

This course will trace the development of Western thought from the breakdown of the medieval synthesis to the twentieth century. It will explore the central ideas and issues of Western thought by studying major philosophical works and by examining other forms of cultural expression, such as art, literature, religion, and science. Special emphasis will be placed on the relationship between philosophical thought and general cultural attitudes. The course will thus seek to compare different ways of approaching and analyzing similar issues and concerns. The course will also examine the influence of the philosopher on his culture and of the culture on his philosophy.

UNIV 3511. THEMATIC STUDIES. (6 credit hours) URBAN STUDIES.

A course on urban problems and their causes, an overview of the perspective and contributions of each of six participating disciplines which includes: urban anthropology, urban geography, urban history, urban economics, urban politics, and urban sociology. In addition, community leaders in the fields of city planning, housing, regional economic development, manpower and banking will present summary reviews of problems and proposed solutions in their respective fields.

UNIV 3513. THEMATIC STUDIES. (6 credit hours) CRIME, SOCIETY AND ETHICS.

This course will examine ethical and philosophical issues as they relate to crime in our society and how our society has chosen to define and deal with crime and criminals. Of special concern will be the examination of various dilemmas which must be confronted in attempting to justify and understand: criminal law, individual rights, various law enforcement practices, discretion as it applies to the processing of criminals, and punishment versus rehabilitation as means of dealing with crime and criminals.

UNIV 3514. THEMATIC STUDIES. (6 credit hours) COMPUTER LITERACY WITH APPLICATIONS.

This course is designed for the liberal arts major with a minimum prerequisite of a single college level course in mathematics. The course has two goals:

1. Enable the student to become comfortable with the hands-on use of modern, office type computing equipment. The student will become accustomed to utilizing the equipment both as a stand-alone computer and as a terminal, communicating with some of the major data banks and the University computer center.
2. Expand the student's mind and level of awareness in the best sense of the liberal arts tradition. This course is a broad survey of the full spectrum of computing in our modern society and is definitely not a science or mathematics course. The viewpoint of the course values

the cultural, artistic, societal, organizational, and psychological aspects equally with the engineering, mathematical, theoretical, and scientific aspects.

UNIV 3515. THEMATIC STUDIES. (6 credit hours) PEOPLE AND ORGANIZATIONS.

This course helps students identify and understand power and control in organizations, develop new insights concerning people and organizations, and understand and implement problem-solving techniques. Topics include the classification of organizations, power, roles, decision-making, and the relationship between the individual, the work group, and the organization. Major theories of organizations will also be studied.

UNIV 3516. THEMATIC STUDIES. (6 credit hours) ISSUES IN INDIVIDUAL AND CORPORATE RESPONSIBILITY.

This course will explore ethical issues that arise in the context of the relationship between individuals within the corporate structure and the relationship between corporations and society. It is designed both for students who intend to enter business and for other students who are interested in the relationship between business and society. Issues to be examined include ethical responsibilities in the work place; equal employment opportunity; affirmative action and reverse discrimination; ethical practices of multi-national corporations; and other topics decided by course participants. The course will consider these topics by analyzing selected case studies, and developing the issues raised by the case in terms of ethical theories. Sample topics include employees' "blowing the whistle" on their companies for engaging in illegal practices, and an employee's right to privacy, and bribes paid by American companies to do business abroad.

Students will do an independent study project with the equivalent of 3 semester hours. Out-of-class learning contracts will be approved.

THE INDEPENDENT PROGRAMS UNIVERSITY HONORS PROGRAM

UNHP 3105. JUNIOR HONORS COLLOQUIUM I, AMERICA AS MYTH AND IMAGE (3 credit hours).

An interdisciplinary study of the ways in which the uniqueness of the American experience has functioned as idea and myth in Western history and thought. Prerequisite: Junior standing and permission of the Director of the University Honors Program.

UNHP 4105. SENIOR SEMINAR I, THE INDIVIDUAL AND CORPORATE STRUCTURE (3 credit hours).

An exploration of some theories of human nature and of certain moral values as they bear on issues which arise in the relationship between individual interests and corporate interests and practices. Prerequisite: Upper-division standing and permission of the Director of the University Honors Program.

"Be careful, I just put a new Jensen in there!"

Jensen® Car Audio owners recognize what's really important. Technical excellence like Jensen Triaxial® three-way speakers.

A Triax® not only features a woofer to recreate rich low tones and a tweeter to capture all the highs. It also provides a midrange speaker to single out the subtle sounds in between, and play them back the way they were recorded.

Jensen Coaxial speakers carry the same technical dedication. Coax produces superb sound response across the spectrum. It handles power efficiently, and is available in a range

of sizes to fit almost any application.

Both Triax and Coax speakers are specially designed to work within your car's environment.

That assures that the Jensen sound cuts through as well in your car as it does in our lab. And in case you didn't notice both speakers now carry grilles that add a sleek, contemporary look.

So, if it's the sound that moves you, install a Jensen speaker system. It can make any car command special attention. "TRIAXIAL" and "TRIAX" are registered trademarks identifying Jensen Sound Laboratories as the producer of the patented 3-way speaker systems.

MAKE \$12,200 FOR COLLEGE WHILE YOU'RE GOING TO COLLEGE.

Want a part-time job that doesn't hurt your grades? Or campus life? Give your local Army Reserve unit a weekend a month and a couple of summers during college, and they'll give you over \$12,200 for college.

Up to \$4,000 in college aid is yours just for joining most units. Another \$6,000 for four years of monthly weekends and two-week summer stints. Plus over \$2,200 that you'll earn during two summer training periods. All while you're getting the most out of college. And doing the most you can part-time for your country.

You don't have to wait for college to join the Army Reserve. If you're 17 or older and a junior or senior in high school, join us now! There's no better part-time job in town.

Interested? Call your local Army Reserve recruiter. For the number, call toll free 800-421-4422. In California, 800-252-0011. In Alaska or Hawaii, 800-423-2244.

Beautiful, versatile Wilton Armetale® dinnerware lends itself to any decor. Made in America from an alloy of 10 different metals, Armetale dinnerware, flatware and serving accessories are as practical as they are elegant.

From the freezer, to the oven, to the table, Armetale brand products

have no match in ordinary dinnerware. Because Armetale won't break, crack, chip or dent!

Express yourself in a beautiful, lifetime-lasting way. See the display of Wilton

Armetale® at fine stores in the U.S. and Canada. Or write: The Wilton Co., Columbia, PA 17512.

WILTON  **ARMETALE**
Elegant. Yet, so practical.

Fuego Turbo from Renault. Slippery and simmering. Exciting. A heritage earned on the tracks of the world by the first turbos ever to race Grand Prix and win.

Fuego Turbo. Five forward speeds powered by a 1.6 litre intercooled turbo that creates 11.6 psi maximum boost. Bosch L-Jetronic fuel injection. Performance that's responsive yet civilized enough for a highway estimate of 40 MPG and EPA estimate MPG of **26**.* Fuego Turbo. Front-wheel drive with independent front suspension. Renault's "A" frame-mounted trailing arm rear axle. Stabilizer bars, standard, front and rear. Michelin TRX radials on cast

aluminum wheels. Vented front disc and rear drum brakes with power assisted hydraulics and Renault's balanced anti-lock system.

Fuego Turbo. Wind-smooth exterior styling with a drag coefficient of 0.35. Indoors, a cockpit with laser-calibrated visibility, bio-formed seating, AM/FM stereo, air conditioning and a leather-wrapped sport wheel. Fuego Turbo. From Renault. Civilized performance at a civilized price, \$11,095.**

*Compare 1983 EPA estimates with estimated MPG for other cars. Your actual mileage depends on speed, trip length and weather. Actual highway mileage will probably be lower.
**Manufacturer's suggested retail price. Price does not include tax, license, destination charges and other optional or regionally required equipment.

THE NEW AE-1 PROGRAM

Nobody has been able to make fine photography this simple. Until now.

There has never been a high quality 35mm SLR camera as simple to use as the Canon AE-1 PROGRAM. That's why people who don't have time for complicated cameras, like Washington Redskins' quarterback Joe Theismann, carry it with them wherever they go. And you should, too.

Indoors or out, day or night—in any light—the AE-1 PROGRAM is designed to give you perfect pictures automatically. You just focus and shoot. Really. When set on "PROGRAM" the advanced electronics inside provide total automation, so you can concentrate on your subject.

For action photography, there's also shutter-priority automation, which lets you choose a speed fast enough to "freeze" moving subjects while the

camera's electronic brain automatically adjusts the lens opening for the lighting conditions.

Flash photography is totally automatic as well, and with the new Canon Speedlite 188A with built-in exposure confirmation, you can tell you've gotten a perfect flash picture before removing your

eye from the viewfinder!

There are new and exciting accessories that add even more versatility. The Power Winder A2 provides single-frame and continuous motorized shooting at up to two frames-per-second. Or, for really fast action, you can add the Motor Drive MA for up

to 4 fps. rapid sequence shooting.

There are eight interchangeable focusing screens and nearly fifty Canon FD lenses that fit the AE-1 PROGRAM. So you can shoot a wide-angle panorama, do candid portraits or use a Canon zoom lens to really reach out and bring your subjects up close. Best of all, when you add any of these exciting accessories, shooting is still automatic. And just as simple.

Ask your Canon dealer to show you the camera that makes fine photography simple. The new Canon AE-1 PROGRAM. It's one more reason we're the world's leader in 35mm photography.
